TO WHOM IT MAY CONCERN

We are pleased to confirm that Mr. Rouhallah Afsharpour has successfully completed "introductory and advanced astronomy" courses during the period from July-2008 to August-2009 and as a part time teaching assistant worked in our institute.

He directed our branch in Abadan from October-2009 to May-2010 and as an astronomy teacher he organized introductory astronomy courses in Abadan. Till now, he also has participated as a reporter and member in our website (www.nightsky.ir & www.AhvazAstro.ir) and our projects such as "Dark Sky Project", "Transit of Venus", "Messier Marathon" and so forth. Since the beginning of our collaboration I know him as an energetic and goal-oriented person.
