To Whom It May Concern

This letter is to certify that **Mr. Rouhollah Afsharpour** is working as a part time "research assistant" in our environmental organization voluntarily from April 2014 to present. His responsibilities extended but not limited within the below list:

Producing educational materials (posters, flyers, websites, etc) which could inform the people about the local environmental problems and motivate them to change their habits and preserve the nature.

Doing research about ight pollution, dust-haze pollution and air quality, HSE, water and waste water treatment and so on.

Effects of earth quake on groundwater, which was published as a paper in National Conference of Passive Defense in Agriculture, Ghesm, Iran.

As his supervisor at work and lecturer at university (groundwater course) I found him honest, dedicated, hardworking and well-behaved during his working period with us. His performance exceeded the expectation and was able to complete his tasks successfully within the planed time frame.

Best Regards,

78/05/2015
Narges Ghazalifar
